Stability of Very Heavy Nuclei - Nishina Hall (09:00 - 10:40)

time	[id] title	presenter
09:00	[18] Spectroscopy of Very Heavy Elements	Dr JONES, Pete
09:30	[42] Gamma-ray spectroscopy of heavy-actinide and transactinide nuclei: toward more neutron-rich and heavier nuclei	Dr ASAI, Masato
10:00	[14] Isomer Spectroscopy of the Heaviest Elements	Dr CLARK, Roderick
10:20	[16] Collective motion, rotation alignment, and K-isomeric states in very heavy nuclei: A theoretical study	Prof. SUN, Yang
