

HYP2015

Tuesday, 8 September 2015

Parallel 4a - Room A (14:00 - 15:35)

time	[id] title	presenter
14:00	[44] Towards lattice QCD baryon forces at the physical point: First results	DOI, T.
14:20	[45] Coupled channel baryon-baryon interactions on the lattice	SASAKI, K.
14:35	[46] A fast algorithm for lattice hyperonic potentials	NEMURA, H
14:50	[47] Quark mass dependence of H-dibaryon	YAMAGUCHI, Y.
15:05	[48] N- Ω interaction from high energy heavy ion collisions	MORITA, K.
15:20	[49] A new version of one-boson-exchange baryon-baryon potential model	SHINMURA, S.
