

Progress in and beyond Theoretical Nuclear Physics Laboratory

Monday 28 March 2016

Session a2 - RIBF Conference Room (201) (10:50 - 12:30)

-Conveners: Akihisa Kohama

time	[id] title	presenter
10:50	[5] Ground-state correlations beyond RPA and canonical ensembles of RPA eigenvalues with exact pairing solutions	HUNG, Nguyen Quang
11:10	[6] Damping of quantum vibrations revealed in deep sub-barrier fusion reactions	ICHIKAWA, Takatoshi
11:30	[7] Low-energy dipole mode and related topics	INAKURA, Tsunenori
11:50	[8] Studies after leaving TNP laboratory	ITO, Makoto
12:10	[18] Making Green's function work	BARBIERI, Carlo
