

Progress in and beyond Theoretical Nuclear Physics Laboratory

Monday, 28 March 2016

Session a1 - RIBF Conference Room (201) (09:00 - 10:20)

-Conveners: Nguyen Dinh Dang

time	[id] title	presenter
09:00	[1] Outlook by the three-dimensional representation to describe the structure of the nuclear many-body system	EBATA, Shuichiro
09:20	[2] Nonlocalized dynamics of nuclear clustering	FUNAKI, Yasuro
09:40	[3] The effect of tensor force in heavy-ion fusion reactions	GUO, Lu
10:00	[4] Structure of unstable nuclei with total reaction cross sections	HORIUCHI, Wataru
