

DREB2018 -- 10th International Conference on Direct Reactions with Exotic Beams

Tuesday, June 5, 2018

Session 7 - Kunibiki Messe (2:00 PM - 3:30 PM)

time	[id] title	presenter
2:00 PM	[7] LINKING NUCLEAR REACTIONS AND NUCLEAR STRUCTURE ON THE WAY TO THE DRIP LINES	Prof. DICKHOFF, Willem
2:18 PM	[5] Microscopic optical potential for proton elastic scattering off light exotic nuclei	Dr VORABBI, Matteo
2:36 PM	[17] Microscopic description of global optical potential toward unstable nucleus	Dr FURUMOTO, Takenori
2:54 PM	[110] From ab initio structure predictions to reaction calculations via effective field theory	Prof. CAPEL, Pierre
3:12 PM	[10] Corrections to the eikonal description of elastic scattering and breakup of halo nuclei	Ms HEBBORN, Chloë
