

Session Program

Dec 4 - 5, 2017

**International symposium on RI beam physics
in the 21st century: 10th anniversary of RIBF**

Nuclear Structure/EOS

RIKEN, RIBF Building 2F, Large Conf. Room

Mon, December 4

4:30 PM

Nuclear Structure/EOS

Session | **Location:** RIKEN, RIBF Building 2F, Large Conf. Room

4:30 - 4:50 PM

Nuclear moment measurement using spin-oriented RI beam at RIBF

Speaker

Yuichi Ichikawa

4:50 - 5:10 PM

Nuclear structure studies using laser spectroscopy techniques - past and future 10 years -

Speaker

Kei Minamisono

5:10 - 5:40 PM

Probing symmetry energy from heavens to earth

Speaker

Betty Tsang

5:40 PM
