

French Japanese Symposium on Nuclear Structure Problems

Saturday 8 January 2011

Experimental Studies on Exotic Nuclei 2 (10:45 - 12:15)

| time | [id] title | presenter |
|-------|--|--------------------|
| 10:45 | [65] Proton resonance elastic scattering on light unstable nuclei | TERANISHI, Takashi |
| 11:00 | [63] Breakup of neutron rich nuclei and their exotic structures near the island of inversion | NAKAMURA, Takashi |
| 11:30 | [72] Invariant-mass spectroscopy of the unbound nucleus ^{13}Be | KONDO, Yosuke |
| 11:45 | [27] Gamow-Teller transitions in proton rich nuclei from the combined study of β -decay and charge-exchange reaction | FUJITA, Yoshitaka |
