

The All-RIKEN Workshop 2018 / 30

Friday 14 December 2018

Short Award Talks (Chief Scientist Assembly Research Workshop) - Suzuki Umetaro Hall (10:20 - 11:50)

| time | [id] title | presenter |
|-------|--|----------------------------|
| 10:20 | [10] 1. Big Data, Supercomputing, and Data Assimilation: Weather Prediction and Beyond | Dr MIYOSHI, Takemasa |
| 10:31 | [15] 2. Molecular motors drive life | Dr FUJITA, Keisuke |
| 10:42 | [16] 3. Spallation reaction study for fission products in high-level radioactive waste | Dr WANG, He |
| 10:53 | [17] 4. Large cytoplasmic size link to the error-prone nature of oocytes | Dr HIROHISA, Kyogoku |
| 11:04 | [18] 5. Dilemma of microscopy facility manager | Dr TOYOOKA, Kiminori |
| 11:15 | [19] 6. Development of technologies for effective reproduction in mice | Ms HASEGAWA, Ayumi |
| 11:26 | [20] 7. Evidence for Majorana modes in topological Josephson junctions | Dr DEACON, Russell Stewart |
| 11:37 | [21] 8. Cryo-electron microscopy of a large variety of macromolecular assemblies | Dr YOKOYAMA, Takeshi |
