

The 11th Circum-Pan-Pacific Symposium on High Energy Spin Physics

Friday 30 August 2019

Friday Morning: Friday Morning I (08:30 - 10:15)

| time | [id] title | presenter |
|-------|--|------------------|
| 08:30 | [42] Gravitational form factors for finding mass and pressure distributiosn in hadrons | KUMANO, Shunzo |
| 09:05 | [43] The energy momentum tensor of massive hadrons | COTOGNO, Sabrina |
| 09:40 | [44] Single spin asymmetry in pA collisions: phenomenology at RHIC | BENIC, Sanjin |

Friday Morning: Friday Morning II (10:35 - 13:00)

| time | [id] title | presenter |
|-------|---|--------------------|
| 10:35 | [45] Polarized targets for experiments with high energy beams | REICHERZ, Gerhard |
| 11:10 | [46] Overview of the sPHENIX cold-QCD program | LIU, Ming |
| 11:45 | [47] Overview of future facilities for nucleon spin studies | GOTO, Yuji |
| 12:20 | [51] Discussion session | NAKAGAWA, Itaru |
| 12:50 | [55] Announcements | SHIBATA, Toshi-Aki |
| 12:55 | [52] Closing address | IWATA, Takahiro |
