

The 24th International Spin Symposium

Tuesday, October 19, 2021

Applications of Nuclear Polarization in other Fields: Chair: Takayuki Kumada - Room 401 (8:30 PM - 10:00 PM)

-Conveners: Takayuki KUMADA; Patrick Hautle; Kenichiro Tateishi

time	[id] title	presenter
8:30 PM	[67] Polarization REsearch for Fusion Experiments and Reactors - The PREFER collaboration: purposes and present status	Prof. CIULLO, Gluseppe
8:55 PM	[197] Nuclear Barnett effect and Nuclear Einstein-de Haas effect	Dr CHUDO, Hiroyuki
9:20 PM	[198] Design and development of the molecular probes for application of the hyperpolarized-NMR/MRI	Dr TAKAKUSAGI, Yoichi
9:40 PM	[199] Materials chemistry of triplet dynamic nuclear polarization	Prof. YANAI, Nobuhiro
