

[RIBF-ULIC-Symposium-004] Impact of new triple alpha reaction rate on stellar evolution and nucleosynthesis

Contribution ID: 19

Type: **not specified**

Similarity between triple-alpha and $\alpha\alpha n$ reactions in supernova r-process

Saturday, 18 December 2010 15:40 (30 minutes)

Primary author: Prof. KAJINO, Toshitaka (NAOJ)

Presenter: Prof. KAJINO, Toshitaka (NAOJ)

Session Classification: Measurements of the stellar reactions in explosive nucleosynthesis
