

RIBF ULIC and CNS Symposium on Frontier of Gamma-ray Spectroscopy (Gamma11)

Friday 1 July 2011

Collectivities and shell effects in neutron/proton-rich nuclei (09:00 - 10:10)

time	[id] title	presenter
09:00	[69] Gamma-ray spectroscopy in the vicinity of ^{68}Ni and ^{100}Sn using the EXOGAM array	Dr DE FRANCE, Gilles
09:30	[16] Pygmy dipole resonance within the fully self-consistent Skyrme-RPA	Dr INAKURA, Tsunenori
09:50	[17] Pygmy dipole resonance of radio isotopes around r-process	Dr EBATA, Shuichiro
