

RIBF ULIC and CNS Symposium on Frontier of Gamma-ray Spectroscopy (Gamma11)

Saturday 2 July 2011

Exotic deformation / new collective motion at low and high spin (11:00 - 12:10)

time	[id] title	presenter
11:00	[74] "Studies of Neutron Rich nuclei with Gammasphere: From Deep Inelastic to CARIBU".	Dr CARPENTER, Michael
11:30	[14] Microscopic analysis of development of deformation in neutron-rich Cr isotopes	Dr SATO, Koichi
11:50	[27] Collectivity Near ^{64}Cr : A New Region of Deformation	CRAWFORD, Heather
