

RIBF ULIC and CNS Symposium on Frontier of Gamma-ray Spectroscopy (Gamma11)

Thursday 30 June 2011

Collectivities and shell effects in neutron/proton-rich nuclei (10:50 - 12:00)

| time | [id] title | presenter |
|-------|--|---------------------------|
| 10:50 | [46] Collective modes of excitation in exotic nuclei | Dr YOSHIDA, Kenichi |
| 11:20 | [20] Gamma-ray Spectroscopy of neutron-rich Mg isotopes by using proton inelastic scattering | Dr MICHIMASA, Shin'ichiro |
| 11:40 | [15] Large-amplitude deformation dynamics in low-lying states of magnesium isotopes around island of inversion | Dr HINOHARA, Nobuo |
