

# Physics of RI: Recent progress and perspectives

## Tuesday, May 31, 2022

**Tuesday PM1 - RIBF201 (Conference Room) (1:30 PM - 4:00 PM)**

**-Conveners: Yoshihiro Aritomo**

time	[id] title	presenter
1:30 PM	[15] Recent findings about shell evolution in the neutron-rich Ca region	UTSUNO, Yutaka
2:00 PM	[34] Nuclear clusters probed with knockout reactions (online)	Dr YANG, Zaihong
2:30 PM	[26] Direct mass measurements around neutron-rich Ca region at SHARAQ	MICHIMASA, Shin'ichiro
3:00 PM	[24] Past achievements and future perspectives for in-beam gamma-ray spectroscopy at the isospin frontier at the RIBF (online)	DOORNENBAL, Pieter
3:30 PM	[12] Emerging challenges and scopes in nuclear structure	OTSUKA, Takaharu
