

**2023****Friday, 8 September 2023****Session 9 (in English) (11:10 - 13:15)****-Conveners: Shuta Tanaka**

| time  | [id] title   | presenter        |
|-------|--|------------------|
| 11:10 | [37] Recent advances in understanding pulsar emission mechanisms                                   | ANDREY TIMOKHIN  |
| 11:50 | [38] 1D GRPIC Simulations of High-Energy Gamma Rays from BH Magnetospheres                         | KIN, Koki        |
| 12:10 | [39] Current Understandings of the Pulsar Magnetosphere, and a comment on Crab Nebula Polarization | SHIBATA, Shinpei |
| 12:50 | [40] Electric current circuit in pulsar magnetosphere  | KISAKA, Shota    |
