

RBRC Experimental Group Monthly Meeting

RIKEN/RBRC
Itaru Nakagawa

Original Purpose of the meeting

- Discussed selected topics to be shared within members
- Report to the group leader (Hideto -> Yasuyuki -> Yuji) who needs to catch up the latest status of activities to approve various requests (procurements, travel, etc.)
- Activities: sPHENIX-RunXX, INTT, RHICf, Belle, ALICE (FoCal, physics analysis), EIC/EPIC, ...
- Share information of common interests and discussions (VISA issues, vaccine, sPHENIX spokesperson election, etc.)
- Rehearsal of student's talks for a JPS meeting
- Self-introduction of a new member
- Major conference report (QM, HP2024, Spin, ...)
- etc

Meeting Organizer

- Yuji -> Itaru -> Ralf -> Yuji ...
- **Select relevant topics** (a week ahead)
- Request a report to speaker candidate
- Setup indico page and announce
- Run the meeting
- To be involved in the topic selection process is the part of group management and being a part of it can be considered as the advantage.

Yuji should be out of the rotation. Would like to ask Post-doc to join and the part of the topic selection process which is important for the group.
