Session |**Location:** #1 Science Building, Koshiba Hall, University of Tokyo, Hongo Campus, Bunkyo-ku, Tokyo, Japan

09:00–09:30

low-x physics at the EIC

Speaker

Bowen Xiao

09:30–10:00

what do we know about lowx in di-hadron correlations in e+p and p+A? (remote)

Speaker

Xiaoxuan Chu

10:00–10:30

Short range correlations and the EIC (remote)

Speaker

Satoru Terashima

10:30

Saturday 13 June

09:00

Moring session I

Session |**Location:** #1 Science Building, Koshiba Hall, University of Tokyo, Hongo Campus, Bunkyo-ku, Tokyo, Japan |**Convener:** Bowen Xiao

09:00–09:30

A1n with spectator tagging/diffraction (remote)

Speaker

Win Lin

09:30–10:00

Recent experimental results of TMDs physics

Speaker

Wen-Chen Chang

10:00–10:30

Streaming reconstruction (remote)

Speaker

Takuya Kumaoka
